

Bristol Sept. 22 - 73

Dear Sir

It was indeed a great pleasure
to me to see you in Boston, the
great battle fought and won. — I
have been privileged to see this grand
life work so accomplished!

I hoped to have seen you again,
but could not find an opportunity. I
shall however remember with great pleasure
the various pleasant chats we had together.

I meant to have asked you
to favour me with a letter, but

was not able to procure one.
Will you be good enough to send me
one by post? I shall greatly value it.
I hope you will.

I think that you will like
a copy of some lines I wrote
on your departure from England
in 1846. They have been wonderfully
verified! I send them to you by bookpost.
With best regards,

yours very truly
Henry Corporation.
